**THE FUTURE IS  
EFFICIENT**

**KV-S1027C AND KV-S1057C WORKGROUP SCANNER SOLUTIONS**

## Versatile scanning solutions from the world's imaging specialists

Panasonic has earned a worldwide reputation as a leader in imaging technology and is recognized for engineering highly reliable and durable products. Our KV-S1027C and KV-S1057C are no exception — they're designed to process documents continuously day in and day out. Both scanners are also designed to be extremely low maintenance — reducing downtime and work delays.

## Advanced desktop scanning solutions for your digital office

From healthcare and insurance to government and finance, converting paperwork to digital documents quickly and seamlessly is critical to your operations. Our KV-S1027C and KV-S1057C represent the latest in desktop document capture technology. With high-speed scanning functions, advanced image quality and a new compact design, the KV-S1027C and KV-S1057C offer powerful document processing capabilities at an outstanding value.

## Engineered high performance for businesses like yours

Panasonic has engineered a number of important features that make the KV-S1027C and KV-S1057C the premier scanners in their class and an ideal choice for a variety of industries, including:

- Healthcare
- Federal and local government agencies
- Financial
- Insurance companies
- Enterprise (transportation, oil and gas)
- Small and medium businesses

## Equipped with Security Only Panasonic Can Provide

All Panasonic scanners come equipped with Auto Erasure Security for scanning situations requiring the highest levels of security. This is a high security technology unique to Panasonic that automatically erases all data from the scanner's built-in memory. This feature helps secure against data leaks and aids in preventing hardware hacking.

## Enhanced operational functions for fast, uninterrupted scanning

### Manual Feed Switch

Enables users to quickly switch from standard feed mode to manual feed mode to easily process passports, thick paper stock and three-part forms.

### Space-Saving Design

Small footprint with stylish contoured back requires less counter space and conveniently fits in small spaces like the front desk at hospitals, medical offices and banks, so that you can scan customer or patient materials faster.

### Exit Paper Guide

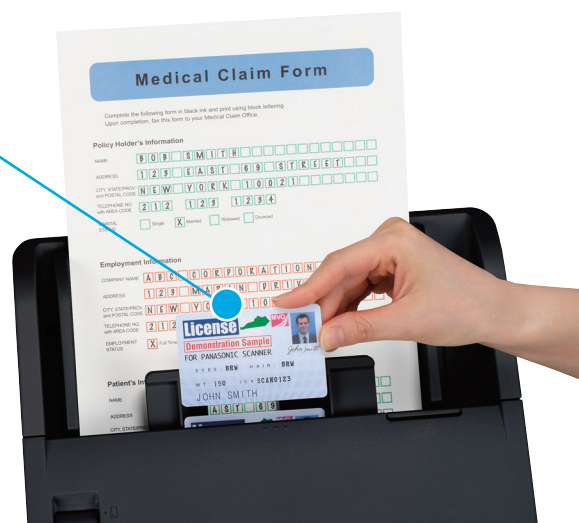

Keeps the paper stack down as documents exit.

### Backlit LCD Display

Enables easy-to-read programmed workflow selection and warning/error notification.

### Embossed Card Guide

Mixed paper and up to 3 cards can be scanned in a single batch.

### Integrated Power supply

No exterior power supply necessary.

## Quicker, more reliable, with more options to get the job done

### High-speed duplex scanning for faster processing, filing and distribution

- KV-S1027C: 45 ppm / 90 ipm
- KV-S1057C: 65 ppm / 130 ipm

### Handles all types of mixed documents quickly and easily

- Passport scanning
- Multiple embossed-card feeding up to 3 cards
- Mixed paper and hard card batch scanning
- Long paper scanning (EKG & monitoring system)

### Ultra-reliable paper feed means fewer jams, less downtime

- 100-sheet Automatic Document Feeder
- Double-Feed Prevention Roller System
- Paper exit control

### Intelligent Double-Feed Detection keeps jobs moving

- Sticky notes, receipts or envelopes won't stop scanning jobs

## KV-S1027C/ KV-S1057C Scanners – Higher speeds, lower maintenance
